

The Above and Beyond 'Thunder Clap'  
Recognition for the Week of February 13th:

## Breanna Aguillard

### Hometown Pride:

"I am proud to be a part of the OF community because in small towns like ours, everybody is willing to put in their effort to make big things happen. The representation of the OF school and the support we get at sporting events is phenomenal. Coming together as one community and supporting any sort of event is one of the things that everyone loves to see. Parents and grandparents love seeing us put together events, as young adults, to show how much potential we have in the real world. These are the baby steps that will get us to the success that we want to achieve."

### Bleacher Report (activities):

Sports: Track and Field

Clubs: Above and Beyond, Student Council

Outside of School: Ruby's Pantry

### Thunder Role:

"I think it is important to be a good role model because others are always looking up to you as their inspiration and encouragement."

### Topic Thunder:

"I think it is important to stay away from drugs because they can impact your life negatively which can hurt you and the people who love you."

### Scouting Report (quotes from teachers):

"I've watched Breanna grow from a shy freshman to a confident junior! I'm glad you took the leap and joined FBLA and jumped right into the mix! You are a hard worker and try to understand, not just get the answer. That quality is going to be instrumental in your future! Keep up the great work!" – Mrs. Steinke

### Fan Deck (quotes from peers):

"She is so extremely nice to everyone and always very helpful."

"Breanna Aguillard loves to interact."

"Breanna Aguillard because she has so many challenges that she is going through while silently persevering."

### Hometown Hero:

"My hometown hero is my grandpa (Lamoine Hanson) because he is such a hard worker and generous person. Doing things around the community and being on the town board are his ways of representing himself while staying active. He almost never has any free time because of how much dedication and effort he puts into his work life. Finding solutions to problems is definitely one of his strong aspects. I personally love how he has so much strive and is always there to help people out."
