

Cell Analogy Project Grade Sheet

1. Mitochondria

- a. The mitochondria was compared to an appropriate item from the 'theme' _____/ 2
b. The mitochondria analogy description was clear and intelligent _____/ 3

2. Ribosomes

- a. The ribosome was compared to an appropriate item from the 'theme' _____/ 2
b. The ribosome analogy description was clear and intelligent _____/ 3

3. Nucleus

- a. The nucleus was compared to an appropriate item from the 'theme' _____/ 2
b. The nucleus analogy description was clear and intelligent _____/ 3

4. Nucleolus

- a. The nucleolus was compared to an appropriate item from the 'theme' _____/ 2
b. The nucleolus analogy description was clear and intelligent _____/ 3

5. Smooth Endoplasmic Reticulum

- a. The Smooth ER was compared to an appropriate item from the 'theme' _____/ 2
b. The Smooth ER analogy description was clear and intelligent _____/ 3

6. Rough Endoplasmic Reticulum

- a. The Rough ER was compared to an appropriate item from the 'theme' _____/ 2
b. The Rough ER analogy description was clear and intelligent _____/ 3

7. Golgi Apparatus

- a. The golgi apparatus was compared to an appropriate item from the 'theme' _____/ 2
b. The golgi apparatus analogy description was clear and intelligent _____/ 3

8. Cell (Plasma) Membrane

- a. The cell membrane was compared to an appropriate item from the 'theme' _____/ 2
b. The cell membrane analogy description was clear and intelligent _____/ 3

9. Cytoskeleton

- a. The cytoskeleton was compared to an appropriate item from the 'theme' _____/ 2
b. The cytoskeleton analogy description was clear and intelligent _____/ 3

10. Cytoplasm

- a. The cytoplasm was compared to an appropriate item from the 'theme' _____/ 2
b. The cytoplasm analogy description was clear and intelligent _____/ 3

11. Centrioles

- a. The centriole was compared to an appropriate item from the 'theme' _____/ 2
b. The centriole analogy description was clear and intelligent _____/ 3

12. Peroxisomes

- a. The peroxisome was compared to an appropriate item from the 'theme' ____/ 2
- b. The peroxisome analogy description was clear and intelligent ____/ 3

13. Vesicles

- a. The vesicle was compared to an appropriate item from the 'theme' ____/ 2
- b. The vesicle analogy description was clear and intelligent ____/ 3

14. Project was visually appealing and presented clearly to the class ____/ 10

15. EXTRA CREDIT – Add a Vacuole

- a. The vacuole was compared to an appropriate item from the 'theme' ____/ 2
- b. The vacuole analogy description was clear and intelligent ____/ 3

Total _____ / 70
