

The Above and Beyond 'Thunder Clap'
Recognition for the Week of May 1st:

Taylor Gunderson

Hometown Pride:

"Our community is so involved with everything that the school has going on. At sporting games, we always have a good sized crowd. I always feel supported when I am playing with the Osseo-Fairchild name on my jersey. When you go into Kwik Trip, there is always somebody you know to say "Hi" too. It is a very homey community to live in."

Bleacher Report (activities):

Sports: Volleyball, Basketball, Softball

Clubs: Above and Beyond, FFA, NHS, TADD

Outside of School: Girl Scouts and the Auxiliary

Thunder Role:

"If you're a good role model for the younger kids, then our community continues to thrive. They look up to you and that is something you should strive for. We can insure greatness in younger generations."

Topic Thunder:

"It's important to stay away from drugs because they can hinder your performance in sports and academically. They are not good for your body and are pointless to use."

Scouting Report (quotes from teachers):

"Taylor is hard working on and off the court/field. It has been great watching her grow throughout high school in and out of the classroom. Best of luck in the future!" - Mrs. Steinke

"I have enjoyed getting to know Taylor better this year as I feel like she has been more vocal and open to sharing her thoughts in class discussions." – Mr. Stoik

Fan Deck (quotes from peers):

"Taylor Gunderson is involved in many sports and is a straight A student."

"She is so involved, kind to everyone, and a very hard worker."

Hometown Hero:

"Pam Graham is my hometown hero because she is very involved within the community. She is constantly at the Cabin in the Pines working with other VFW members. She is one of the sweetest women I know. She is so supportive with everything I do. She does so much work under the scenes and it needs to be recognized!"
